

# Don't miss the internationally recognised GCP Course for Research Professionals

Up to 10% discount for groups of 4+ from the same organisation

## Do you work in Clinical Research?

Are you looking for a course to increase your knowledge and understand of what GCP means for your clinical practice? The key to working appropriately in clinical trials is an understanding of the overall picture and why GCP is important to all parties: sponsors, sites, trial volunteers, ethics and regulators. In addition the course covers the international perspective including the FDA code of federal regulations and the EU Directive, and how these impact on your studies.

## Why the ACRP GCP Course?

- It is an internationally recognised course
- Accepted globally as gold standard
- Tailored for Australian regulatory environment
- Accredited and ACRP certified trainers
- Quality materials and resources

## Course includes

The program will cover

- Details and updates of ICH GCP for Australia
- Trial design, documents and processes
- Australian and international regulations and ethics
- Sponsor/regulatory audits and inspections
- Course book, CD, GCP Q&A Reference Book, certificate, all meals & refreshments

## Who should attend?

- Study Coordinators
- Clinical Research Associates
- Study Investigators and administrators
- Clinical Research and Project Managers

Either new to clinical trials or requiring an up-to-date refresher course
