

## Exam Prep Package

The Exam Prep Package includes three (4) sections: a Certification Exam Preparation Guide, a Helpful Hints document, and a 50-question Self-Assessment Test. If you're comfortable with independent study, this comprehensive package will give you the guidance you need to make the most of your study time.

- **Exam Preparation Guide**—Provides information on the structure and objectives of the exam, relevant activities oriented to your job function referenced by ICH guidelines, case scenarios, exercises, sample exam questions and checklists you can utilize in the workplace. In addition, it also describes the best approach to answering exam questions successfully.
- **Resource Book:** Relevant sections of the ICH guidelines, EU and FDA information that relate to international studies. Other useful guidance documents relating to drug and device studies, information about the testing program and tips on preparing for and taking the exam, exam fairness, exam question development, and exam administration.
- **Sample exam answer sheet**
- **Self-Assessment Test**—Includes sample exam questions with explanations of the correct answers. In addition, this section includes alternative resources you can utilize while preparing to take the exam.
