

# Online Courses-Classroom Seminars in Clinical Research

Attend these seminars **with or without** the online courses **Seminar Certificate provided.**

## GOVERNANCE - CLASSROOM SEMINAR

### Governance Seminar

Research Governance is intrinsic to patient safety and risk management. Understanding the comprehensive key regulatory responsibilities and managing them, along with building compliant sites is the challenge for site research offices. Gain knowledge and resources to achieve this end.

### Who should attend?

Clinical researchers responsible for creating their SOP and Quality System

### Course Includes:

- The program will include:
- What are our key regulatory responsibilities?
  - How do we manage them?
  - How do we build compliant sites?
  - Course book, CD, certificate

### Program details

- Registration
1. Welcome
  2. Overview of Regulatory Requirements
  3. Monitoring skills
  4. Essential of Audit Tools
  5. Fraud & Misconduct

### Complementary Topics
